**Re: Case No. 00-cv-00005-DPH
Response By Kevin McLean of Order To Show Cause**

Dear Judge Hood:

This is the Settlement Facility -- Dow Corning Trust (the Facility) response to the Response by Kevin McLean to the Court's February 5, 2008 Order to Show Cause.

In the first decretal paragraph of your Honor's Order, you directed the respondent "... to provide a full accounting of all settlement checks that have been sent to him, including all payments to claimants listed ..." on the Exhibit attached to the Order. In his March 8, 2008 Response, Mr. McLean provided no such accounting. I respectfully request that the Facility Response be continued until such time as Mr. McLean has provided such an accounting. Because of the number of Facility claimants represented by Mr. McLean and the complaints I have received and the Claimants' Advisory Committee has received with respect to this matter, Mr. McLean's accounting, as directed by the Court, should be provided before the Facility responds.

Thank you for your consideration of this matter.

Yours very truly,

David T. Austern
Claims Administrator
