NORTHERN DISTRICT OF ALABAMA  
Southern Division**

In re:	)	Master File No.
	)	CV 92-P-10000-S
SILICONE GEL BREAST IMPLANTS	)	
PRODUCTS LIABILITY LITIGATION	)	This document relates to the cases
(MDL 926)	)	listed in the appendix to this order

**ORDER No. 48A**

Suggestion of Remand (Federal) No. 5

The undersigned transferee district judge has, after issuing as Order No. 48 a "show cause" directive to the parties and after considering the responses to that Order, concluded that, under the Rules of Procedure of the Judicial Panel on Multidistrict Litigation ("JPMDL"), it is appropriate that certain transferred actions be remanded to the transferor district courts, and accordingly recommends that the actions listed in the Appendix to this Order be remanded to the indicated transferor courts. Certain conditions, specified in paragraph 2 below, will apply to such cases after remand.

1. If counsel believe that an error has been made in the Appendix, they are instructed to notify the court in writing within fourteen (14) days of the date of this order so that this court, if persuaded by the assertion of error, can so notify the JPMDL. The parties are also requested to send to this court a copy of any objections submitted to the JPMDL after the Panel's issuance of a Conditional Remand Order so that this court can advise the Panel of its views regarding such objections. The parties are reminded that, until a Remand Order from the Panel is received by this court, jurisdiction over the case remains in this court and that, accordingly, should the parties before that date settle a case, this court should be immediately provided with the appropriate papers so that the case can be dismissed before the case is remanded.

2. The terms and conditions under which such remands, if ordered by the JPMDL, will be effected are as follows:

(a) All claims against Dow Corning Corp. and Dow Corning Wright (including any crossclaims or third-party claims by defendants against Dow Corning Corp. or Dow Corning Wright) will, to the extent not previously dismissed, be severed and not remanded. Such claims will, however, be administratively closed in this court and dismissed without prejudice to the institution and pursuit of such claims in the United States District and Bankruptcy Courts for the Eastern District of Michigan in accordance with procedures established in those courts. This court will, however, retain jurisdiction to vacate such dismissals and reopen such claims against Dow Corning on written motion if filed within 30 days after reorganization proceedings of Dow Corning are dismissed or within 30 days after the Eastern District of Michigan determines that reopening of such cases against Dow Corning is the procedure to be followed in liquidating such claims.

(b) All claims by any party against The Dow Chemical Company, Inc. and Dow Holdings Inc. will, to the extent not previously dismissed or transferred, be severed and transferred to the United States District Court for the Eastern District of Michigan. Any requests for transfer of such claims to another federal court or for remand of such claims to state court will be determined by the Eastern District of Michigan.

(c) All claims by any party against McGhan Medical Corp., INAMED Corp., CUI Corp., and their subsidiaries and principals will, to the extent not previously dismissed, be severed and

administratively closed, without prejudice to the pursuit of such claims in a pending class settlement of such claims (and with the same rights under any such settlement as if they still had a pending lawsuit against such companies and individuals). Moreover, this court retains jurisdiction to vacate such closings and reopen such claims on request if that pending class settlement should not be approved.

(d) All claims against the following companies have been dismissed with prejudice through unappealed final judgments: Bioplasty, Inc.; Bio-Manufacturing, Inc.; Cabot Medical Corporation; Corning, Inc.; Foamex Products, Inc.; General Electric Co.; General Felt Industries, Inc.; Huls America Inc.; Knoll International Holdings, Inc.; Petrarch Systems, Inc.; Recticel Foam Corporation; Scotfoam Corporation; Scott Paper Company; Surgitek, Inc.; '21' International Holdings, Inc.; '21' Foam Company, Inc.; and Uroplasty, Inc.

(e) All listed claims against Mentor Corporation; Mentor Polymer Technologies, Inc.; Mentor O&O, Inc.; Mentor H/S, Inc.; Mentor Urology, Inc.; Mentor International, Inc.; and Teknar Corp. relating to breast implants implanted before June 1, 1993, will be dismissed with prejudice.

(f) All listed claims against Union Carbide Corporation will, to the extent based on its 1990-1992 ownership of McGhan NuSil Corporation, be remanded to the indicated transferor court, but will be subject to dismissal by such court as to any plaintiff who, though eligible, failed to timely opt out of the Revised Settlement Program. All other claims against Union Carbide Corporation, as well as all claims against Union Carbide Chemicals and Plastics Company, Inc., have been dismissed with prejudice pursuant to Order No. 37.

(g) All claims against Bristol-Myers Squibb Co., Medical Engineering Corp., Baxter Healthcare Corp., Baxter International Inc., Minnesota Mining and Manufacturing Co. ("3M"), and their subsidiaries will, if listed in the appendix, be remanded to the indicated transferor court, but will be subject to dismissal by such court as to any plaintiff who, though eligible, failed to timely opt out of the Revised Settlement Program. Previously-pending claims against those companies, if not listed in the appendix, will be dismissed (subject to the right to reopen to the extent permitted under the terms of the Revised Settlement Program should a participating defendant default in meeting its financial obligations under that settlement). Counsel should note that pending claims against American Hospital Supply, American Heyer-Schulte and Heyer-Schulte are not shown if there are pending claims against Baxter Healthcare inasmuch as those claims are encompassed within the claims against Baxter Healthcare.

(h) All claims against other defendants not described in paragraphs 2(a) through 2(g) above will, if listed in the appendix, be remanded to the indicated federal courts, or, if not listed in the appendix, will be dismissed.

(i) In a few of the multi-plaintiff cases suggested for remand, the appendix identifies in the column listing the defendants against whom claims are to be pursued the plaintiffs whose claims are to be remanded. Where such an indication is provided, the claims of all other plaintiffs in those cases will be severed and dismissed or administratively closed in this court before remand.

(j) Further proceedings in the transferor courts will be governed, in general and to the extent applicable, by the orders previously entered in MDL 926 and Master File No. CV 92-P-10000-S.

(1) Each plaintiff must, within 60 days after remand, serve upon the defendants in the case a completed questionnaire as previously prescribed by this court. This requirement does not apply if the plaintiff has previously served such a questionnaire on the defendants (or

previously answered interrogatories seeking similar information) and such information is accurate and complete.

(2) Any motions for transfer under 28 U.S.C. § 1404 or § 1406, or for remand to state court, will, if not ruled upon by this court before remand, be decided by the transferor court after remand. If any such motions are granted by this court, the JPMDL will be notified so that the case can be removed from the list of those to be remanded to transferor courts.

(3) The provisions of Order No. 30, Order No. 30F, and Order No. 30G will apply to such further proceedings, including paragraph 8 of Order No. 30 which imposes an assessment on recoveries for "common benefit" services and expenses.

(4) The deposition testimony of the members of the National Science Panel, appointed under Orders No 31 and 31D, will, when taken, be admissible and usable to the same extent as if taken before remand of the case.

(5) This court has previously transmitted to many of the courts to which cases are being remanded a copy of Order No. 30 and the various orders listed in Appendix A to Order No. 30 with which the courts should be made aware. The parties in the remanded cases are directed to ascertain from the courts whether such courts have previously received such orders and, if not, to contact the Clerk of this court to obtain, for transmittal to the remand courts, a "package" of such orders. Later orders of general interest would include Order No. 31\* (National Science Panel), Order No. 36 (on-going studies), Order No. 37 (partial summary judgment for Union Carbide), Order No. 38 (summary judgment for General Electric). These orders, including the stipulation regarding objections to documents and the appendices to that stipulation, can also be obtained through the Internet at [www.fjc.gov/BREIMLIT/mdl926.htm](http://www.fjc.gov/BREIMLIT/mdl926.htm).

3. This order will be filed in Master File CV 92-P-10000-S and posted on the webpage. After receiving from the Clerk of the Judicial Panel on Multidistrict Litigation an order of remand, an appropriate short-form order will, before the file is sent to the transferor court, be docketed and filed in each of the cases ordered remanded.

This the 25th day of November, 1998.

/s/ Sam C. Pointer, Jr.  
Chief Judge

Serve: Plaintiffs' Liaison Counsel  
Defendants' Liaison Counsel  
Clerk, Judicial Panel on MultiDistrict Litigation
