

**UNITED STATES DISTRICT COURT
EASTERN DISTRICT OF MICHIGAN
SOUTHERN DIVISION**

IN RE:	§	CASE NO. 00-CV-00005
	§	(Settlement Facility Matters)
DOW CORNING CORPORATION,	§	
	§	
Reorganized Debtor	§	Hon. Denise Page Hood

**ORDER GOVERNING CONFIDENTIALITY
OF DATA PROVIDED TO THE PARTIES**

Dow Corning Corporation (“Dow Corning”) and the Claimants’ Advisory Committee (collectively, the Parties) both received certain claims data from the SF-DCT in 2009 and 2010. Dow Corning has requested updated claims data that is necessary for its own accounting and audit functions. Dow Corning does not request access to any claimant identifiers and has advised that to avoid any additional burden on the SF-DCT, it would be sufficient to obtain the same set of data that periodically is provided to the Independent Assessor, after ensuring that all claimant identifiers are redacted. Dow Corning agrees to reimburse the SF-DCT for any direct costs and expenses it may incur in providing the claims data to Dow Corning.

The Finance Committee has determined that to ensure the continued protection of confidential claimant information, such data should be provided in accordance with the restrictions set forth in this Order. The Claimants’ Advisory Committee has requested a copy of the same data set. The Court finds that it is appropriate to provide the requested data for the reasonable business purposes stated above.

To assure compliance with Section 10.10 of the Settlement Facility and Fund Distribution Agreement and to further preserve the confidentiality of the data, the Parties who are receiving the SF-DCT data and their employees, agents, contractors, and any other person or entity are directed and Ordered as follows:

The data shall be used by Dow Corning solely for its own accounting and audit requirements and may be examined by its external auditors, actuaries, and other advisors as necessary for them to fulfill their specific functions. Dow Corning shall restrict access to the data to only those persons who must examine the data in connection with the above functions. The Claimants' Advisory Committee will restrict access to the data to only those experts who would have a need to examine the data solely for purposes of implementation of the Plan and the specific authorized functions of the Claimants' Advisory Committee. The Parties will ensure that any person who is granted access to the data consistent with the above restrictions is provided a copy of this Order and acknowledges that he or she has read and understands this Order.

Dow Corning and the Claimants' Advisory Committee will destroy all such data within 12 months after the termination of the operations of the SF-DCT.

SO ORDERED this 16th day of July, 2014.
